SRC Parental Permission for Juniors

(This is a requirement in the sport)

Videos

From time to time your child may be videoed by their coach; these videos would be used for two purposes;

- as a coaching aid for your child, in which case the video would be viewed at the clubhouse on the TV in the clubroom
- as part of coach development e.g. the IARU Coaching Development requires videos of crews for the practical assessment, in which case the video would be viewed possibly by the children in question, by the coach and the Irish Amateur Rowing Union.

Photographs

At regattas and social events your child (and other attendees at the event) may be photographed enjoying themselves, and these photographs may be published on the club website. We see this as a great way to share the memories of social events and feel that this promotes a good club atmosphere

Under no circumstances will inappropriate photographs be taken or used.

Lifts to training/regattas

From time to time, it may be necessary for a coach to give your child a lift. It is the clubs policy that children can be offered lifts to training and/or regattas only if there will be at least one other person in the car at all times.
